PROFESSIONAL SUMMARY

Motivated Artificial Intelligence and Machine Learning graduate with a passion for Full-Stack Web Development. Skilled in React.js, FastAPI, HTML5, CSS3, JavaScript, MySQL, and Firebase Authentication, with hands-on experience building responsive and scalable web applications. Strong foundation in problem-solving, software development, backend integration, database management, and delivering real-world solutions through practical projects.

SKILLS

Programming Languages	Java, Python, JavaScript, SQL
Web Technologies	HTML5, CSS3, React.js, Node.js, Express.js, FastAPI, Bootstrap
Databases	MySQL, MongoDB
Developer Tools	VS Code, Git, GitHub, Postman, Vercel
Technologies	REST APIs, Socket.IO, Firebase Authentication, Responsive Web Design, Progressive Web Apps (PWA), NumPy, Pandas

EXPERIENCE

Credencer Technologies | Junior Developer Intern | Remote June 2026 – Present

- Contributing to the development of responsive and scalable web applications using modern frontend and backend technologies.
- Collaborating with the development team to implement new features, integrate APIs, debug issues, and improve application performance.
- Gaining hands-on experience in full-stack development, software testing, and industry-standard development practices through real-world projects.

Talent Shine India Pvt. Ltd. | Full Stack Python & ML Intern | Remote August 2024 – July 2025

- Completed a 240-hour internship focused on Full Stack Python Development and Machine Learning.
- Strengthened skills in backend development, database management, web application architecture, and machine learning through practical assignments and real-world projects.

PROJECTS

GreenBasket: Developed a full-stack grocery shopping web application using React.js, FastAPI, MySQL, and Firebase Authentication. Implemented secure Google Sign-In, product management, wishlist, cart, checkout, and REST API integration to deliver a responsive shopping experience. ([Source Code](#))

Free Social Media Image Resizer: Built a web application to resize images for WhatsApp, Instagram, YouTube, and LinkedIn using HTML5, CSS3, and JavaScript (ES6). Implemented preset-based resizing, multiple resize modes, real-time preview, and Canvas API-based image processing. ([Source Code](#) | [Live Demo](#))

Pixel Paint: Developed an interactive pixel art editor featuring a dynamic grid system, customizable color palette, and real-time drawing functionality using HTML5, CSS3, and JavaScript. Optimized rendering performance and ensured a responsive user experience across different screen sizes. ([Source Code](#) | [Live Demo](#))

EDUCATION

D.N.R. College of Engineering Bhimavaram, AP
B.Tech in CSE - Artificial Intelligence and Machine Learning, CGPA: 7.49/10 2022 – 2026

CERTIFICATIONS

- NPTEL – Cloud Computing ([View](#))
- Infosys Springboard – Python Programming ([View](#))
- Infosys Springboard – Agile Development and Scrum ([View](#))
- NxtWave – Generative AI ([View](#))
- Infosys Springboard – DBMS ([View](#))
